Profile

1.About Qide

DongGuan Qide Machinery Co., Ltd one of the **leader** for servo control box stitching machine in China since **2004**, We professional manufacturing box stitching machine, semi auto stitcher, two piece joint stitcher, fully auto stitching machine and fully auto strapping machine.

We achieved excellent progresses through our hard work and strengths since company found, we have successfully developed the double servo control box stitching machine, now we have four types, **1800mm, 2400mm, 2700mm, 3000mm**. Compares with other similar products, it's more stable and high efficiency. It's the best choice for packaging and printing factory.

Over the past **16 years**, DongGuan Qide Machinery Co., Ltd, integrated R&D, manufacture, assemble, sales and service. With 16 years experience in servo control semi auto stitcher and fully auto PE strapping machine, QiDe got a big progress; Our products are famous in the **domestic and overseas market**, such as India, Sri Lanka, Turkey, Thailand, Malaysia, Iran, Egypt, Poland etc, also have won a good reputation from customers.

In future development, Qide missions are that create **first-class product, first-class brand, first-class benefits, first-class corporate identity, first-class staff seam**, and we have to work toward these missions.
